PROJECT: TRANSFORM
Stage One, the young professional arm of the Hartford Stage Board of Trustees, has launched a crowdfunding campaign to revitalize Project: Transform, an innovative Education @ Hartford Stage performance program for Connecticut high school students celebrating diversity and acceptance. Project: Transform is a free program that brings together 20 students from different backgrounds including race, gender, ethnicity, sexual orientation and social class—to create and perform a devised theatre piece exploring the transformation of minds, neighborhoods and communities. Students work collectively with acclaimed guest artists, using poetry, theatre, music and dance to write, improvise, rehearse and share their collaborative piece in a public performance open to the community.

COMMUNITY SUPPORTING COMMUNITY
The crowdfunding campaign will run Monday, April 8, through Friday, April 26. We’ve received a $10,000 matching corporate gift to help reach our ambitious goal. We invite you to join in our Small Business Initiative to help meet the match. Join today at one of the levels below and you will receive the following benefits:
